SAN NICOLAS COMMUNITY PAPER.

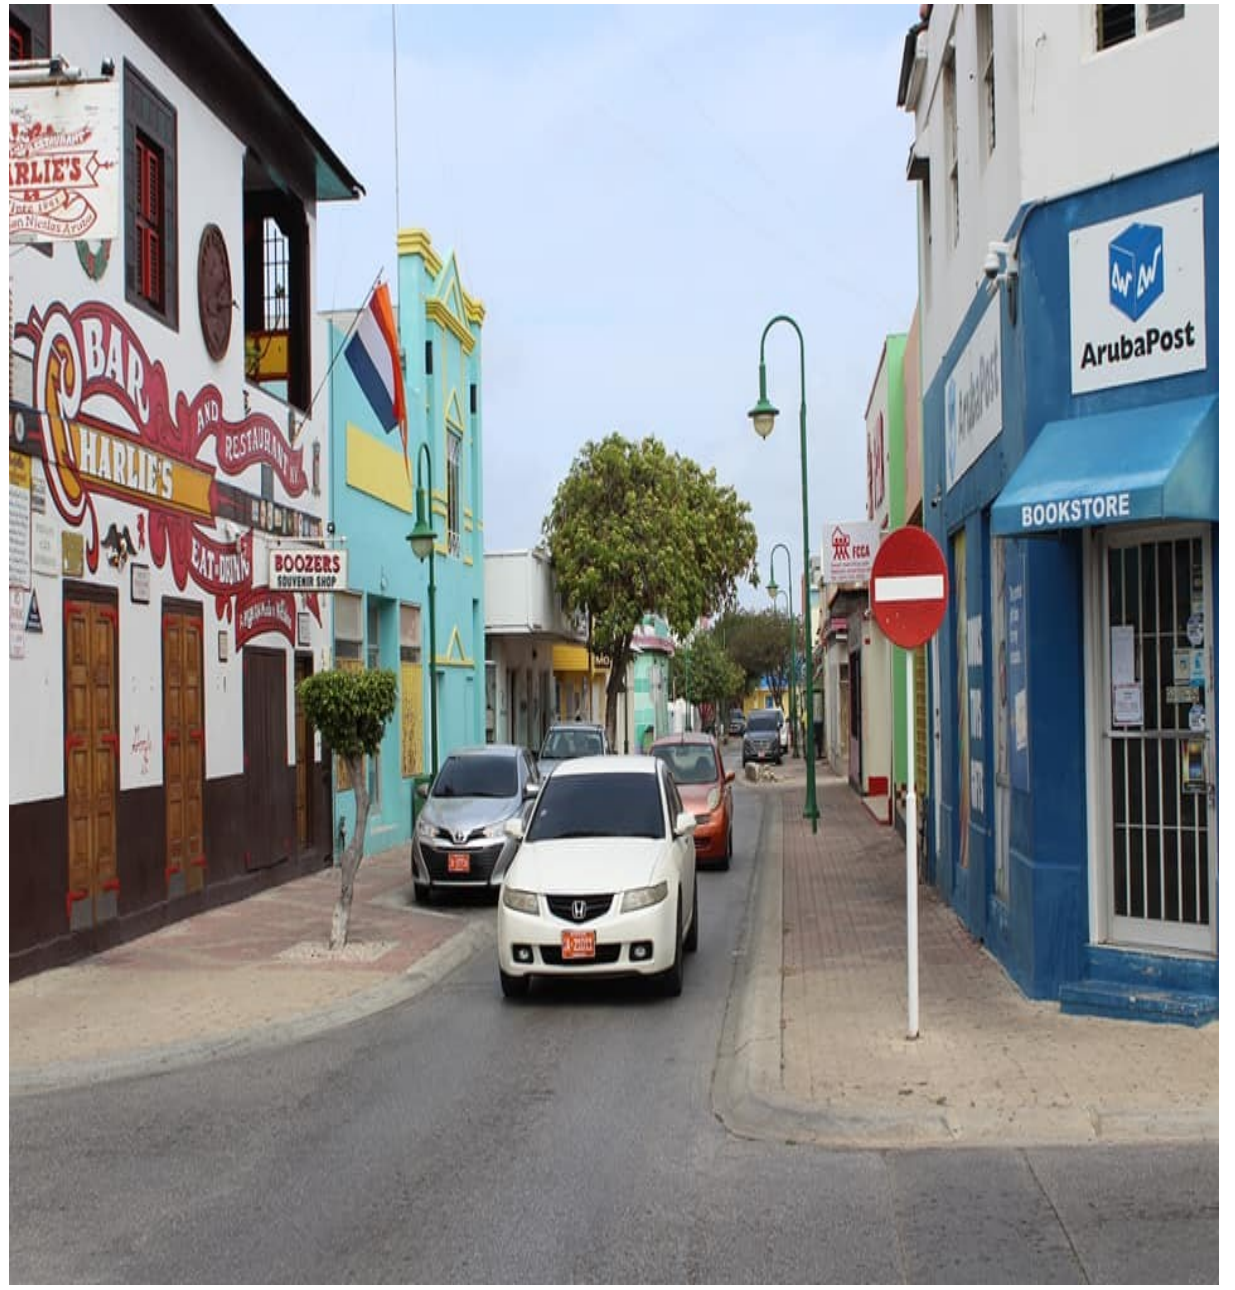

San Nicolas Main Street Suffering No End In Sight

According to the president of San Nicolas Business association Mr Andres Hernandez more that 40% of businesses in the main street will be closing their businesses by December 2019, for years now their income does not cover their cost and they cannot afford to continue this way.

Unity In The Community Foundation walked store to store to speak with some of the owners on what might be the problem, some told us that” People like to go town and not shop here” we explained to them that down town is having the same issue. Another store told us that people are buying online, not holding into consideration their cost like, rent, payroll and much more....

Some are still positive that maybe with the fast fairy or even a turnaround might turn things around, but like they say “WE NEED HELP NOW” so much plans are on the table but nothing in the timeframe to help these businesses.
